Moby, Signs Of Love

If I was beautiful
If I had the time
They'd flock to me
Bathe me in the wine
I know that's not the way
I know that's not how things are to be

(My baby left) (My baby left) (Gone gone) (Gone gone)

I was always looking and I held until the time began Solo things come at me I look to see where loss had ran I can have the sun it come And touch me on my shoulder Think of all the things that I could Wish that i had told her

I fly so high Then fall so low

(I fly so high, I fly so high)

If I was beautiful
If I had the time
You would flock to me
And bathe me in the wine
I know that's not the way
I know that's not how things are to be

If I was like you
With nothing to get around
Then everything would be beautiful
As far as I can see
You'd be sitting here with me
'Till love's end

I fly so high Then fall so low

I fly so high Then fall so low

Signs of love (I fly so high) Away we could run (then fall so low)

I can see the light come peering through the sky in my mind Closing people come in but also lying on the floor I would hold you in my arms until we both are home I would hold you in my arms until we both are all alone
