

# Moby, The Sky Is Broken

see the storm is broken  
in the middle of the night  
nothing left here for me  
it's washed away  
the rain pushes  
the buildings aside  
the sky turns black  
the sky  
wash it far  
push it out to sea  
there's nothing left here  
for me  
i watch it lift up to the sky  
i watch it crush me  
and then i die

speak to me baby  
in the middle of the night  
pull your mouth  
close to mine  
i can see the wind coming down  
like black night  
so speak to me  
like the winds outside  
it's broken up, pushing us  
hear the rain fall  
see the wind come to my eyes  
see the storm broken  
now nothing  
speak to me baby  
in the middle of the night  
speak to me  
hold your mouth to mine  
'cause the sky is breaking  
it's deeper than love  
i know the way you feel  
like the rains outside  
speak to me
