

# Mocca, What If

What if I give you my smile  
Are you gonna stay for a while?  
What if I put you in my dreams tonight  
Are you gonna stay until it's bright?

What if I give you my story  
Are you gonna listen to me?  
What if I give you my heart  
Are we never gonna be apart?

Come on baby try harder  
Come on baby light my fire  
Come on baby be mine  
cause you're the one I wanted to be

What if I do ignore you  
Will you just walk away and cry?  
What if I did disappoint you  
Are you gonna say goodbye?

Come on baby try harder  
Come on baby light my fire  
Come on baby be mine  
cause you're the one I wanted to be

What if I try to catch a flying snitch  
Are you gonna come with me?  
What if I give you my song  
Are we gonna sing along?

Come on baby try harder  
Come on baby light my fire  
Come on baby be mine  
cause you're the one I wanted to be

What if you leave me right here?  
I'm right here and waiting for you
