

Modana & Tony T., Heaven

I feel like I'm in heaven together tonight
Making last forever, forever tonight
I feel like I'm in heaven together tonight
I feel like I'm in heaven

Bounce for me [?], baby!

I feel like I'm in heaven

My, my, my mind on her
And the fire still burns
Now let me take another look at you
I think it's your turn
To move that body, shake that body
Act like you can hurt nobody
Go down, low ninja karate
Play your station at this party

Hello, nice to meet you
If you like me let me treat you
Can I, can I, can I suit you
I see you're wearing see through
Hot to get this playing
But love that what I'm saying
I hope she spends the day in
We can do this again, yeah

I feel like I'm in heaven together tonight
Making last forever, forever tonight
I feel like I'm in heaven together tonight
I feel like I'm in heaven

Bounce for me [?]

Hey!

I feel like I'm in heaven
