

# Modern English, Beautiful People

If you know how I'm feeling,  
You'll hear just what I say,  
About the world outside your window,  
Let's take it all the way.

(Chorus)  
Beautiful People,  
Flowers in your hair,  
Far too caring for the world out there,  
I love your voice,  
Beautiful People,  
Love, love, love,  
Beautiful People.

It came to me this morning,  
On a wing and a prayer,  
These words are for the people,  
There's so much we can share,

Chorus

Love, love, love x2

I want to know,  
Will these thoughts ever go,  
For the rest of my life,  
Will I feel these words are right.

When you use your voice,  
Everyone can hear it.

Chorus x2.

Beautiful People, yeah,  
All we need is love, love, love (Repeated to fade out).
