

Modern English, That's Right

(I really screwed these up....sorry rob...)

Have the past
The past is long ago
You know you want to go
It's time to leave
That's right
I won't give you
No time

No tomorrow

And if you want to see
Even if you wanted to
I would ask you
I'd want to know it's true
That's right, I won't give you no time no tomorrow

That's right, I won't give you no time no tomorrow
