

# Modern Talking, China In Her Eyes

Behind the sun - I found someone - my China woman, oh no  
She's painting clouds - day in day out - my China girl don't go  
Oh I can't, oh I can't, oh I can't ignore  
The way she looks to me  
Oh I can't, oh I can't, oh I can't give her more  
Just my heart, she is my destiny

She has China in her eyes - can't you see it  
China in her eyes - can't you feel it  
China in her eyes - a secret smile  
Oh can't you see, it's you and me - my China woman, oh no  
I miss you so, can't let you go - my China girl, don't go

Behing brown eyes, she's mystified - my China woman, oh no  
It's like a dream the moon turns green - my China girl, don't go  
I believe, I believe, I believe I'll fly  
I'm writing hearts to you  
And I wait, and I wait, see a rose in the sky  
Take my heart, what have I got to do
