

Modern Talking, Cinderella Girl

Oh I saw her near ocean avenue
Wears a t-shirt and her eyes are blue
She told me that
She's living in the heart of L.A. City now, mmm
We went straight to a night cafe
Took popcorn, coffee, and I heard her say
She told me that
She's living in the heart of L.A. City now, mmm

Cinderella girl - you're in my mind
A girl like you - is so hard to find
Cinderella girl - I'll miss you so
Oh I'll never let you go, oh no

It was late at night, in that night cafe
She's eating icecream, when I heard her say
Please pick me up
Tomorrow in the heart of L.A. City now, mmm
At four o'clock, she took a cap
I saw her waving, never saw her back
She told me that
She's living in the heart of L.A. City now, mmm
