

Modern Talking, Just Close Your Eyes

Did I Ever Ever Hold You - Say I Miss You Every Night?
And I Cannot Find My Sleep Girl - If I Cannot Hold You Tight
Did I Tell You When You Left Me - There's No Sun Up In The Sky

And I Cried So Many Times Girl - Oh, Like A Broken Toy
Oh, I Cannot Stand The Pain Girl - It Was Over I Can See
And You Told Me Lady - There's A Chance For You And Me

Just Close Your Eye's And Stay With Me
There Is A Place - Where I Wanna Be With You
Just Close Your Eye's And Take Me In Your Heart
I Will Love You Pretty Baby - If You Try A Start

Did I Ever Ever Tell You - That I Dreamt Of You Last Night
Is There Anything I Can Do - 'Cause I Wanna Hold You Tight
Did I Tell You I Was Dying - As You Turned The Day To Night
Take Away My Sweet Sweet Heaven - So I Just Can't See The Light

Oh, I Cannot Stand The Pain Girl - It Was Over Now I See
And Now You Hold Me Baby - A Second Chance For You And Me
