

Modern Talking, Save Me, Don't Break Me

If you break my heart
A heart that ever babe loves you
How can you mistreat
The one you love it's so true
I love you
Stay with me tonight
A heart will fall in love that's right
Oh I never can lose
I never can lose this old game
It's the same
Forever and ever again

Baby save me - don't break me
Be my forever lady
Hold me - don't break me
Be tonight my love

Save me - please don't break me
Oh baby never fool me
Save me or you'll lose me
You'll never babe deceive me

You're the one I want
Oh you need love like I do
You can hurt me more
Then I'll never babe feel brand-new
That is true
My heart belongs to you
And my heart cries just for you
Oh I never can lose
I never can lose this old game
It's the same
Forever and ever again
