

# Modern Talking, Time Is On My Side

You are the sunshine, baby, of my life  
Oh baby, you are just the one  
Without you oh I can't go on  
You are the one, only the strong survive  
Oh Baby I can't let you go  
I promised you, my love will show

Time is on my side  
Tonight it's our night  
Time is on my side  
Love we cannot hide

You are the nearest thing to heaven girl  
Oh baby, you are just the one  
Without you oh I can't be strong  
You are the only star in my new world  
Oh baby, I can't let you go  
I promised you, my love will grow
