

Modeselektor, Who (feat. Tommy Cash)

who said study would get you work
who said school would get you class
who said the job would get you the cash
who said the loan would save your ass
who said money covers all the expenses
who said love would save the kids
who said forever is not divorce?
who says your dream will get you a Porsche?

who says that life is not death
who said wearing brands is having style
who said that original is not fake
who said that those pills will get you high

who said the drugs will make you smile
who said that gas will get me the miles?
that keep talking lalala bla bla bla

bla bla bla, bla bla bla
bla bla bla, bla bla bla
bla bla bla, bla bla bla
bla bla bla, bla bla bla
bla bla bla, bla bla bla
