

Modest Mouse, A Life Of Arctic Sounds

As long as you're gone,
I can't apologize
for all the things that I haven't said and done

And 100 miles is a long drive inside a car
200 miles is a long drive inside a car
300 miles is a long drive inside a car
400 miles is a long drive inside a car
500 miles is a REAL LONG DRIVE IN A CAR
600 miles is a long drive inside a car
700 miles is a long drive inside a car
800 miles is a long drive inside a car
900 miles is a long long long long ways in a car
And 1000 miles is a LONG DRIVE INSIDE A CAR
Eleven-hundred miles is too far inside a car

I wrote my name on the sun
Hey alright I might be goddamned
A life of arctic sounds
Hey alright i might be goddamned
All the sad comedians
Hey alright i might be goddamned
I write my name on the sun
Hey alright I might be goddamned
A life of arctic sounds
Hey alright i might be goddamned
All the sad comedians
Hey alright i might be goddamned
I might be...goddamned
