

# Modest Mouse, Novocain Stain

When I can work out how it was  
Then I'll tell you  
TV stained my memories, yeah  
I don't think that she's...  
Remember through sounds  
Remember through smells  
Remember through colors  
Remember through towns  
With fear and fascination  
On what was here  
And what's replacing them now  
Interchange plazas and malls  
And crowded chain restaurants  
More housing developments go up  
Named after the things they replace  
So welcome to Minnow Brook  
And welcome to Shady Space  
Well it all seems a little abrupt  
No I don't like this change of pace
