

# Moe Bandy, Bottle's Holdin' Me

Now I live across town from the only one I love  
No woman wants a man that drinks too much  
I know she'd take me back again if I could quit for good  
Lord knows I'd quit if I could

I'm not holdin' the bottle the bottle's holdin' me  
I could win that goal I've lost but I'm not free  
In my darling's loving arms that's where I wanna be  
I'm not holdin' the bottle the bottle's holdin' me  
[ fiddle ]  
My friends come around me but they can't stop the rain  
The way you could if you were mine again  
When that evening sun goes down they all hit for home  
And leave me here all tied up alone

I'm not holdin' the bottle...  
I'm not holdin' the bottle the bottle's holdin' me
