

Moe Bandy, If She Keeps Loving Me

She'd like to give me things that you've stopped giving
She sees in me the things you used to see
And she'd like to feel these arms that you've left defeat
So how long can I keep loving you if she keeps loving me

How long can I hold on to nothing
If she keeps holding on to me
And she wants the part of me that you've stopped wanting
So how long can I keep loving you if she keeps loving me
(piano)

She'd like to be the one that I come home to
And be all the things you used to be
And she'd like to be the one who sleeps beside me
So how long can I keep loving you if she keeps loving me

How long can I hold on to nothing...
