

Moe., Raise A Glass

So raise a glass
For everyone here and gone
And roll up the rug
And push back the chairs
Cause we're all here tonight

May you never grow old
And never get caught
And never desire
What others have got
May you get what you want
Get what you need
May we never get what we deserve

So throw a glass
Into the fireplace
And grab a chair and lift the bride
Up into the air
Cause we're all here tonight

May you never grow old
And never get caught
And never desire
What others have got
May you get what you want
And get what you need
May we never get what we deserve

So break some bread
With the family
And shake out the saw dust
On to the floor
Cause we're all here tonight

May you never grow old
And never get caught
And never desire
What others have got
May you get what you want
And get what you need
May we never get what we deserve
