

# Moe., So Long

I know  
Wanted more than a friend  
Wanted  
Me to understand  
I know  
Now I know in the end  
Wanted  
Wanted more than a friend

Why don't  
You just leave me alone  
Cause I won't  
Be around too long  
I know  
Now I know what's wrong  
Why don't  
You just leave me alone

I can feel it comin round again  
And I hear it, that sound again  
I can feel it comin round again  
And I hear it, that sound again

So long  
Must be on my way  
No wrong  
Will come of this today  
So hold on  
Linger in the grave  
So long  
Must be on my way

More than I wanted it  
I never wanted it  
More than I wanted to try
