

# Mogwai, Acid Food

what happened after the storm?  
was everyone ok?  
i tried to call again  
i think they've gone away

we'll come back the other way (x4)

i dreamt of an ice age today  
cold and white to see  
i walked for miles and miles  
they came back another way

we learnt them as we went  
forgot them straight away  
the ones we left behind  
the ones we sent away

we'll come back the other way (x4)
