tentation

Voice of temptation whispers you far away

Voice of temptation whispers you far away

everything, now, of destiny  
the chimes echoing, at that time  
the dream opening many doors  
hurt by a thorn, wandering, like this

Voice of temptation whispers you far away  
still silence expanding before eyes  
Voice of temptation whispers you far away  
temptation expanding before eyes

now, even with this pain  
the sounding thoughts in the air do not arrive  
the wavering heart, wherever to...  
the rose is the last tear, emerging.

Voice of temptation whispers you far away

still silence expanding before eyes  
Voice of temptation whispers you far away  
temptation expanding before eyes

all of the pain, the destiny  
even the loving runs away  
the color of time fades, pain withers.  
to whisper, the last word

Voice of temptation whispers you far away

Voice of temptation whispers you far away  
still silence expanding before eyes  
Voice of temptation whispers you far away  
temptation expanding before eyes
