

# Moist, Sweet Electric Child

(hey look at his head)

Baby said she likes it fatal  
My love's a loaded gun  
God only knows she likes it easy  
As it comes, take it as it comes ya

I know she's been playin' with the needle  
I've been playin' with the gun  
Never find a way to kick into her  
Time to end, what's begun oh what's begun ya

Sweet electric child  
Got to know she begged to die  
C'mon baby say a prayer  
I'll be there yes I'll be there  
Sweet electric child  
Push all the time oh all the time  
Find a way out now  
Sweet electric child

Said that life can be so tricky  
Is it dead or in a sleep  
In the crack and in the cradle  
Up to me, leave it up to me ya.

Sweet electric child  
Got to know she begged to die  
C'mon baby say a prayer  
I'll be there yes I'll be there  
Sweet electric child  
Push all the time oh all the time  
Find a way out now  
Sweet electric child

She knows what it's got to be  
Could be this could be that  
Found a place to hang it

Sweet electric child  
Got to know she begged to die  
C'mon baby say a prayer  
I'll be there yes I'll be there  
Sweet electric child  
Push all the time oh all the time  
Find a way out now  
Sweet electric child

Want to die
