

# Molly Hatchet, I Can't Be Watchin' You

Your slippn' out the back door, slidin' down the lane,  
Whatcha doin' that for, baby, whatcha got to gain,  
I can't be watchin' you, I can't be watchin' you,  
I don't know what you're up to, but it must be no good,  
Now I hear your runnin' with some local city hood,  
I can't be watchin' you, I can't be watchin' you

Chorus:

'I ain't wasting all my time trying to keep you in line,  
I can't be watchin' you  
Well you leave the house at seven, you say you'll be right back,  
Then I see you climbin' in some big black Cadillac,  
I can't be watchin' you, oh,  
Your friends came up and told me, just the other day,  
They saw you where you know you got no business anyway,  
I can't be watchin' you, I can't be watchin' you

Chorus:

I ain't waistin' all my time tryin' to keep you in line,  
I can't be watchin' you  
I've done all I can do,  
I've said all I can say,  
I've heard enough and seen enough,  
I won't be watchin' you, I won't be watchin' you, babe  
I ain't waistin' no ore time tryin' to keep your ass in line,  
I won't be watchin' you
