

Molly Hatchet, Kickstart To Freedom

Old biker dream rollin' to the rally
In the wind with long legged Sally
Smell rice burnin' won't you step aside...Yea
True Americana is the only ride

Chorus:

I wanna live and ride free
Kickstart to Freedom don't tread on me
If I die...I die free...Kickstart to Freedom
Don't tread on me
Black leather and Chrome wheels
Loud and proud on hard cold steel
I wanna live and ride free...

Kickstart to Freedom don't tread on me
If I die...let me be...Kickstart to Freedom
Don't tread on me...

Raisin' hell all week down at Daytona
See in Sturgis in South Dakota...

Chorus:

I wanna live and ride free
Kickstart to Freedom don't tread on me
If I die...I die free...Kickstart to Freedom
Don't tread on me...

I wanna live and ride free
Kickstart to Freedom don't tread on me
If I die...let me be...Kickstart to Freedom
Don't tread on me
