

# Moloko, The Truth

Go ...

Go to the mountain if you must

Go to the burning bush

Happy would ease your troubled mind

How do the fade just stay behind?

I know you better than you think I do

Don't worry babe.. this is why i fell in love with you

The man in the looking glass

Is looking back at you at last

You can't hide from the truth

Because the truth is all there is

You can't hide from the truth

Because the truth is all there is

You can't hide from the truth

Because the truth is all there is

You can't hide

If happy times are too few and far between

It's a pity dear, we can't erase the things we've seen

So disappear, vanish if you wish

Just go before you're swallowed up by bitterness

And the truth is you can't hide from the truth

And the truth hurts because the truth is all there is

I realized some time ago that I would have to let you go

May not be true to see that you would return one day

But in your present state you may as well not be here at all

You wear a thin disguise, it's from yourself you hide

Just take a look at us, we are heading for a fall

Now presiding in this quarter: hip-hop

Justice, my rap fort

Judge, jury, bailing for prosecuting D.A.

Et ceteras, paraphas

My modus operende

It's carpe diem whether the fact or word is your way

Comprende?

The people versus, you ain't no Sensi

Teaching that style of word-play

We got the words they

Regardless of what your friends say

They're all disable

Striken from the record and deemed indimissable

And this long arm of the law grabs a mightier

Shoot dope lines first and ask questions later

The death sentence of this live litagator

Close the case tighter than the jaws of a 'gator

Stenonographer, that study law again, the jargon

Let your counselors 'a barking, in hopes of a plea bargain

But when you read back verbatim

What they're saying to persuade them

They realize exactly how i've played them

I come with the truth, whole truth and nothing but

'Cause the truth hurts just as much as fuckin' with lies will

I brew skill with free fills from now until

Plagerizing MC's get their flows distilled

Baby I don't die without you by my side

As long as you return into these arms that burn

Baby I won't die just take a look inside

Into these eyes that burn, come to these arms that yearn

I won't die, if you leave me high

I won't die if you're not by my side

And the truth hurts because the truth is all there is

And the truth hurts because the truth is all there is

You can't hide from the truth, cause the truth is all there is

You can't hide from the truth, cause the truth is all there is

You can't hide from the truth, cause the truth is all there is

You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth, cause the truth is all there is  
You can't hide from the truth  
Because the truth is all there is  
You can't hide from the truth..
