

# Moloko, Where Is The What If The What Is In Wh

&quot;what is a god of phoney creation  
where am i going with no destination  
what if the fish came from the sea  
what if my lover made me feel free  
what if my intake cause revelation  
what if the point was reincarnation  
what if my shoes dont match my jacket  
now, if its not working, why dont you smack it

what if your mama said you were fat  
if you are lost find where you are at  
one is a number with out any time  
you cant get higher with nothing to climb  
why have a body if you aint got a mind  
what is a searching with nothing to find  
why is the traffic refusing to stop  
why climb the ladder if you cant reach the top?

Where Is The What If The What Is In Why?  
Where Is The What If The What Is In Why?  
Where Is The What If The What Is In Why?

what do you dream of when you sleep at night  
see how the blind man fills up with light  
what is the bird with no where to fly  
how can you leave and not say goodbye  
what is a hunter with nothing to find  
what is the goodness with out the unkind  
when did the outfit fall out of fashion  
when did the love fall out of passion

my reincarnation time  
a phoney creation rhyme  
with no destination mine  
my information's fine  
why did the voice say dont step on the floor  
why did the sign say to float through the door  
what is a god of phoney creation  
where am i going with no destination

what if the fish came from the sea  
what if my lover made me feel free  
what if my intake caused revelation  
what if the point was reincarnation  
what if my shoes dont match my jacket  
now, if it's not working why dont you smack it  
what if your mama said your were fat  
if you are lost find where you're at

Why...  
Where Is The What If The What Is In Why?  
Where Is The What If The What Is In Why?

how did the loser get to be rich  
what is a salesman with nothing to pitch  
when did the fool get to be king  
why did you leave when they asked you to sing  
why loose belief when you've got a dream  
what is a train that ran out of steam  
what is a spy with no one to spy on  
how do you sleep with nothin' to lie on  
what if the fruit dont fall from the tree  
what if these questions just wont let you be  
why waste time looking for proof

what if the answer is never the truth&quot;
