

Moment Of Truth, Chained To Your Love

Chained to your love
To the dream and what they mean
Baby chained to your love
To that burnig kiss of fire that you're driving me much higher

It's been so long since we say goodbye
I'm missing you so, each evening that I cry
My days so dark, I like to do with bloom
This empty feeling, gets me locked up in my room

Baby chained to your love
To the dream and what they mean
Like to be a curing thing
Baby chained to your love
To that burnig kiss of fire that your driving me much higher

I can't go on without you by my side
This loneliness is killing me inside
As time goes by I need you more and more
So see what you can do to open up the door

Chained baby...

I can't go on without you by my side
This loneliness is killing me inside
As time goes by I need you more and more
So see what you can do to open up the door

Chained to your love
To the dream and what they mean
Like to be a curing thing
Baby chained to your love
To that burnig kiss of fire that means driving me much higher
