

# Mondo Generator, Unless I Can Kill

Complete the hands of formaldehyde

It's yours

Yeah

I built a special shelf above the mantle next to Mars

Ahhh ha

You'll be my next

You'll be my next

Every night I drive in my motor of steel

Steal innocent lives cause idiots have to die

Yeah

Ah, and then I use the dynamite I found

I don't wanna live, I don't wanna live

Unless I can kill, kill, kill

Die, die, die

Yeah

You'll be my next

You'll be my next

You'll be my next
