

Moneen, Closing My Eyes Won't Help Me Leave

Where's my love? It's fallen and I'm bound to it
Where's my heart? It stopped, then why am I still here?
Something's missing

Wrong...gone? Would you say it's too late?
Say something now. Say something's wrong. Say sorry.
Wrong...gone? Would you stay? It's your fate.
Something's missing

Wait this out...a promise kept ends suddenly
Close my eyes...relax, lay back and try to breathe

Decide my fate
Is it too late?
To change it all
And mend mistakes

As if I would have such thoughts
And scream so loud for all it's not

Don't say you're sorry cause sorry means something is wrong
Don't say you're sorry...don't say you're sorry now
And I've changed...those thoughts rang out...
