

Monet Monico, Watch Me Dance

Don't try to judge me
Cause I've seen you
Play my record, oh
Just let me prove it to ya
Just watch me dance
I party like a rockstar
But I still have control
Just let this music move ya
And just watch me dance

Turn my amp up to 10
No, no and my show begins
I wanna show you something new that I can do
I sing, I dance, I play
Nothing's gonna stand in my way
I'm gonna do something new
That's what I'm gonna do

Stop, listen to this track
Cause I'm bringing it back
I gotta do what I do
Ye-eah

Don't try to judge me
Cause I've seen you
Play my rock-n-roll
Just let me prove it to ya
Just watch me dance
I party like a rockstar
But I still have control
Just let this music move ya
And just watch me dance

I'm tryin' to do my thang
I'm sure you feel my swang
To the left, to the right
To the front, to the back
That's where the party's at

Groove with it
Sly with it

Cause I just want you to know

Stop, listen to this track
Cause I'm bringing it back
I gotta do what I do
Ye-eah

Don't try to judge me
Cause I've seen you
Play my rock-n-roll
Just let me prove it to ya
Just watch me dance
I party like a rockstar
But I still have control
Just let this music move ya
And just watch me dance

Dance
Just watch me dance
Da-da-da-da dance
Just watch me dance

Don't try to judge me
Cause I've seen you
Play my rock-n-roll
Just let me prove it to ya
Just watch me dance
I party like a rockstar
But I still have control
Just let this music move ya
And just watch me dance

Don't try to judge me
Cause I've seen you
Play my rock-n-roll
Just let me prove it to ya
Just watch me dance
I party like a rockstar
But I still have control
Just let this music move ya
And just watch me dance
