

Monica, Missing You

From Fled Soundtrack

Verse 1:

Didn't think I'd be without you
Didn't think that I would see
Didn't think that I would lose my love
How could this happen to me
I must have took for granted
That you would always be there baby, believe

Sometimes I sit and wonder
When everything is over
How can I go on
Knowing that you're gone
Sometimes I sit and wonder
When everything is done
Will I ever get over you being my love

Chorus:

The only one for me
Wanting you so much
That I don't know what to do
Strung out on your love
Baby, I been missing you
Crazy for your touch
Lonely without you
I be missing you so much, yea

Verse 2:

Can't take one night without you
Don't wanna do anything
But sit around and think of
How I want you with me
Just can't erase these feelings
Somehow I know that time will make it better

Sometimes I sit and wonder
When everything is over
How can I go on
Knowing that you're gone
Sometimes I sit and wonder
When everything is done
Will I ever get over you being my love

Chorus to end
