

# Monifah, Everything You Do

Chorus:

Everything you do  
Comes back to you now, baby  
Everything you say  
Could either make me stay or go away  
Everything you  
It comes back to you now, baby  
Everything you say  
Could either make me stay or go away  
There was a time when I thought I heard it all before  
Then there you were walkin' through my door  
You looked the part of which I've always dreamed  
But was I dreamin' of reality

Talk to me

Chorus

You gotta be real  
You gotta be true  
If you wanna deal with me it's up to you  
'Cause whatever you do, do it right  
There ain't nothin' I need more  
That's just the way I like it

Hey

I knew that it would be someone like you  
Is it a dream

And hey

You pick me up when I am feeling blue  
You got me into you

Chorus

Talk to me  
Everything you do  
Everything you say  
Everything you do  
Everything you say

Chorus

Everything you do  
Everything you say  
Everything you do  
Everything you say
