

# Monifah, Monifah's Anthem

(Queen Pen)

Ahh, tell me

What's the real definition of a bad girl?

Pam, Mo', Queen Pen

Break it down, how you feel about this?

Three the hard way

Monifah tell 'em how you do, baby

(Monifah)

Drop dead in my Gucci threads

Hair real wild with the brightest smile

I'm feeling hot, I'm ready to get loud

And in your mind I leave you with no doubt

That I'm a...

1 - Bad girl, bad girl

You're such a little bad girl

Uh-huh yeah that's me

Bad girl, bad girl

You're such a little bad girl

Bad, bad, bad girl

Hit me one time

But ain't no doubt on how I get down

You'll always know when I'm in your town

I jet set from east to west

And when I groove just give me my room

I'm a...

Repeat 1

(Queen Pen)

Mo' none of the hoes can stop our flow

We've been doing this since '84

Iron maiden, don't let the hype get it twisted

I'm bad to the bone, bitch check this

What you gettin' now, we've don' seen in triplets

Before record deals, we were still chicken

And we's the kind of chicks that they love to hate

Playin' both sides of the game and still hold weight

Bad girls take yours in your own state

Bad girls break rules of taboo in the worst way

But when its said and done, we still get the pay

Without videos or a little bit of fame

Bad girls never depend on the next nigga's change

His dough is only here just to add to our cake

Follow that rule and ya'll gon' to be okay

We learned from the baddest

Remember our names

Uh, what's my motherf\*\*kin' name

Repeat 1 until fade
