

Monifah, Touch It

(Bridge)

Yeah, yeah, yeah

Jack Knight and Dakoda House

All we wanna do is make you bounce

Monifah, would you turn me out

Show me what your thing is all about

Jack Knight and Dakoda House

All we wanna do is make you bounce

Monifah, could you turn me out

Show me what your thing is all about

(Chorus 1)

Do you really wanna touch it

Do you really wanna mess with me tonight

And if you know how I like it

Would you call my name and give it to me right

Could you just put that thing on me

So I could just freak on you

And you could just freak on me

And I will give it to you all night long

I'ma show your body what your lips are doing wrong

(Chorus 2)

Do you really wanna touch it

Do you really wanna fuck with me tonight

And if you know how I like it

Would you call my name and give it to me right

Slow love just feels so good to me

Could you just move it on up 'cos I'm in ecstasy

And I will give it to you all night long

I'ma show your body what your tongue is doing wrong

(Chorus 2)

Give it to me give it to me, call my name

This boy's shyness got me wet like crazy

I want it more and more when you call my name and spank me

(Chorus 1)

(Chorus 2)

(Bridge)

(Chorus 2)

(Chorus 1)

(Chorus 2)

(Chorus 1)

Touch it, touch me, love me, suck me

Give me, baby, yeah, if you know how I like it

(Chorus 2)
