

# Monika Ferens, Believe In Me 4 Me

I try to settle down  
I squeeze myself inside  
To not to break down just I use to do all the time  
Im staring at the walls  
Looking for the shadow  
Of something to save my life once again

[Chorus]

Its a long way home, I know  
But if Im under your wings I can hold on  
Cause youre the one  
Who believe in me 4 me  
You believe in me  
Guess Im still too weak  
To stand on my own today  
I swear I struggle inside and with the world again  
Like nothings going right  
For me its enough to argue  
Its not what I want but I lost my self control

[Chorus]

Its a long way home, I know  
But if Im under your wings I can hold on  
'Cause I have fought thousand times  
For who to be  
I lost my faith but you believe in me  
4 me  
You believe in me  
Is there something I should know?  
Or a place where I should go?  
Seems I keep on wasting my time  
On making my life...  
Or maybe theres something wrong in my mind?  
Believe in me...

[Chorus]

Its a long way home, I know  
But if Im under your wings I can hold on  
So honestly promise me  
You believe in me 4 me...
