

# Monika Ferens, Retarded

Im sitting on this damned bed  
Where your head lied after I shoted it down  
Basically I wasnt caught  
But your ghost still seach me on this big world  
I tried to burn photographs  
But in empty frame I still see your silhouette  
You told me to love you  
Now I hear your dead voice inside my head  
[Chorus]  
The ghost of you got me crazy  
My minds in disturiba its paranoia  
And I cry easily  
The ghost of you makes me scream  
I am in the hysteria, out of agenda  
Youre in my dreams  
I cant be sane if youre around  
You just got me retarded  
The room Im in begins to crash  
Am I insane or are you really try to pull me down?  
I feel like Im out of control  
Youre dead but you harass me like youre alive  
Now theres no place to run  
Cause I see your face anytiime I look around  
You told me to love you  
Now I hear your dead voice inside my head  
[Chorus]  
Suddenly its so quiet in my room  
Maybe you went back to your tomb?  
[Chorus]  
Im going mad, Im going mad  
You got me crazy, cra-a-a-aze  
Cra-a-a-a-ze
