Theres couple of thing you should know And its my day to let it all be Things I kept inside for so much long I think they gotta be realeased A rarel chance to be real Im saying what I feel Im feeling bad and you should know You should know Im finally [Chorus] Sincere Ive got so many things to say (Im) sincere Words are just coming away Sincere Its a game I have to play Sincere Sincere Im sincere now Concealing truth is hurtful for the world Is here anyone I can trust? I told you I cant stand the restrictions I wanna confess fast, very fast Silent and tongue-tied I try to close my eyes I dont give a damn what youll think But you should know Im finally [Chorus] I cant stand the heartache Its tearing from my chest out It didnt last long cause I knew What my life is whole about I wont be silent, you cant shut me up You cant mess up with me Im on my own, Im on my own [Chorus 2x] Now Im for real Its my feel You know III say everything Im sincere
