

Monika Gawrońska, YOU GIVE ME POWER (You

I've never felt like this before
It's something that the eyes can't see
It took my heart, my mind and soul
all of me

I've never met a guy like you
I thought that I would never have a chance
Now I know what to do
with a smile upon my face

Even when it's dark
Even when it's hard
Even if the sky is falling down
Nothing can break me
Nothing can stop me
I've got you

Babe - you're the one
You bring me joy
You're my life
You bring the love
You're the one
You give me power

devotion - trust - desire - passion - fire

Everything seems so unreal
This time is a gift and I want to be here
I take the days, nights and dreams
all of this

Everything's incredible
Eternity belongs to us
Every day is magical
I can only smile

Even when it's dark
Even when it's hard
Even if the sky is falling down
Nothing can break me
Nothing can stop me
I need you

Babe - you're the one
You bring me joy
You're my life
You bring the love
You're the one
You give me power

Babe - you're the one
You bring me joy
You're my life
You bring the love
You're the one
You give me power

Babe - you're the one
You bring me joy
You're my life
You bring the love
You're the one
You give me power

Babe - you're the one
You bring me joy
You're my life
You bring the love
You're the one
You give me power
