

# Monika Muszy, Is OK

I didn't know  
You lost control  
I used to help you  
But now I don't  
I'm certain  
You can say  
Everything is  
is OK

Ref.: You hear the birds  
You see the light  
You love the world  
You smile all time  
You hear the talks  
You see the men  
You love the life  
You smile all time  
You can say is OK  
Everything is  
changing now  
You don't worry  
You know the life  
You think the future  
will be different  
You aren't afraid  
You know the life

Ref.: You hear the birds  
You see the light  
You love the world  
You smile all time  
You hear the talks  
You see the men  
You love the life  
You smile all time  
You can say is OK  
One life  
One heart  
One men  
Is OK  
One world  
One sky  
One sight  
Is OK

I know you can  
Can say is OK  
I feel you're strong  
Let's say is OK
