

# Mono Puff, Backstabbing Lair

Hear the scream that the turning subway made  
Hear the screams of the people in your way  
They love you very much but they  
Don't know that you're the one  
Backstabbing liar  
And have been all along  
Backstabbing liar  
Has learned to write songs

See the mirror and reflections in the light  
See the fanzine and your paragraphs of lies  
We got along so well that I  
Could hardly tell you're the

Backstabbing liar  
And everyone's wrong  
Backstabbing liar  
Has learned to write songs

Backstabbing liar  
And everyone's wrong  
Backstabbing liar  
Has learned to write songs

Backstabbing liar  
Says he's resigned  
Backstabbing liar  
Will change your mind
