

# Mono, The Blind Man

Sample : What are you waiting for X4

Searching for the answers but we've lost our way  
No one ever stops to hear what you've got to say  
I'm locked inside you, let me out  
Trapped in a vision of what there about

Looking for a reason that will never be  
I'm not the person that you think you see  
There's something wrong here  
There's no doubt  
You're like a blind man  
Can't see our.

If he can't hear he must feel  
If he can't feel he must see  
If he can't hear he must feel  
And if he can't see you feel the need in me  
Feel the need in me  
Sample : What are you waiting for  
Feel the need in me

Walking through a shallow empty world of doubt  
I'm in the picture now  
But you want me out  
There's something strong here  
You don't see  
You've gone too far now  
So empty

If he can't hear he must feel  
If he can't feel he must see  
If he can't hear he must feel  
And if he can't see you feel the need in me

If he can't hear he must feel  
If he can't feel he must see  
If he can't hear he must feel  
And if he can't see you feel the need in me  
Feel the need in me  
Feel the need in me
