

Monoral, Pompadour

Intoxication is getting to me
Your dices are my vices
I'm suffocating, and your taking it free
No matter what no matter
You're near
You're here
As we bleed
You're blinded by this need to kill

SO FREE US
SO FREE US

Your constitution is getting to me
Your voices are your devises
Too much ambition but you always succeed
No matter what no matter

Destruction's never going to pay it off
Your choices are our prices
Too much confusion, so I'm sending a will
No matter what no matter

You're near
You're here
As we bleed
You're blinded by this need to kill
As we bleed
You're haunted by this need
To heal
As we speak
You're blinded by this need to kill

SO FREE US
SO FREE US
As we bleed
You're blinded by this need to kill
As we bleed
You're haunted by this need
To heal
As we speak
You're blinded by this need...

...need
As you grow
You can flow
And you're blinded by this need
As you grow
You can flow
And you're blinded by this need
As you grow
You can flow
And you're blinded by this need
As you grow
You can flow
Cause you're blinded by this

FLOW
FLOW
FLOW
FLOW
