

# Monoxide, Blaze

No smoking, we aint having that,  
You gotta get up outta the back,  
And taking up seat space  
Can't you tell by the look on my face,  
That i wanna get baked till I can barely even see straight  
I can drink a beer and be lit,  
But i'll prolly start driving and crash or some shit  
Not on weed though, i control the buzz  
And i can shake it quick when im hounded by the fuzz  
I wish this was another place,  
I would just blow it in his face (\*coughs\* Hey what the fuck you doing?!?)  
Just let me smoke my shit  
You can put that on my probate court,  
When you done, I'd like to burn you wit my....Newport!!!.  
Smoke something, let the edge be gone,  
And rewind the song, and homie, pass the bong

Blaze

Can you roll it up  
When the beats stop, roll it up  
Since back in the days  
I be blazin' up  
I wanna hear you say

Blaze

Can you roll it up  
When the beats stop, roll it up  
Since back in the days  
I be blazin' up  
I wanna hear you say

I'm not a hero, and I'm not a role model  
I'm someone that'll rather hit a bong, than a bottle  
And throttle my brain, into a mundane state  
And maybe eat some shrooms, so I hallucinate  
You can put that on my probate....  
Man hold up, Man I done fucked up, I'm back on the first verse  
My favorite sport's the "Inhale 200"  
Where we all say "fuck it", and just get blunted  
So fun it is, up in the clouds  
I'm afraid of heights, but I'm Okay for now  
I just like to smoke till, I'm blitzed  
And I stay away from people, who can't keep it lit  
Hotboxed, and got the blunt all runnin'  
And ya can't keep it goin' for nuthin'  
Quit fuckin' around askin' anybody hear that sound  
You'se a first time smoker, about to pass out

I'm so high, that I stand on a ledge,  
And I take another puff, now I'm over the edge.  
Simon says, "puff, puff, pass"  
Keep hogging my weed I'mma beat that ass  
Outta cash, On my last little bit of the bag,  
Im so glad I got my stash in the back  
Eyelash stickin', Eyes all dry,  
And my mouth feel like I been eatin' cotton pie  
Still I wont stop smoking my pot,  
Green grass is the shit that I'm lovin alot

Sit and wait on the block for the spot to get hot,  
Then I go buy everything that they got  
They only had a couple bags of that hot,  
So I just said fuck it and grabbed a whole lot  
I gotta get high or my heart might stop,  
So I gotta find something to cop. Here we goooo
