

Monsoon, Comic strip bubbles

Im waiting waiting
sketching to forget my misery
where can she be?
Im walking walking
Emerging underneath your ink stained fingers
Dressed in my best
Im trying to forget
Im trying to remember
Why cant we be each others hero?
Chorus
Comic strip talking(la la la la la la la)
In comic strip bubbles(la la la la la la la)
Comic strip lovers
In comics trip lies
Im bouncing dancing
Suddenly she comes alive on my page
Wanna kiss her now
Im hiding fading
Just trying to escape from the world you trapped me in
Wanna leave it now
Im trying to forget
Im trying to remember
Why cant we be each others hero?
Chorus
Oh babyIm not afraid anymore
Believe mel was only joking
