

# Monsoon, TIME(in a room with a view)

Time its another time  
Just another song for two  
In stereo  
Fine that suits me fine  
Watching you glide up and down  
My inner rainbow  
Smile your full beam smile  
Come along and switch on my  
Sugar radio radio radio

Chorus

Falling in love with you  
In a room with a view  
Beautiful dream come true  
Kisses that hold back time  
And Im so helpless  
Time just a little time  
Long enough for us to weave  
Sweet miracles  
Shy dont you be shy  
Come along and lets just be  
Invincible,magical,whimsical

Chorus

Time,its another time  
Just another time  
Just a life line
