

# Monster Magnet, God Says No

Fireing my friend  
But I come back again and again  
I just can't pretend  
One more step and I'll start to bend

You try and live  
And God says no

We go on our way  
Just waiting for that lucky day  
I tried every way  
Just so that God can blow me away

I need some love  
To start the show  
But ask just once  
And God says no

A lot of dust slides through my head  
Scary thoughts like wishing we were dead  
You won't get caught if you don't get queer  
And you'll be ready for a new frontier

It's good to be bad  
It's the best time you'll ever have  
What the hell is this ultra sad  
Pray for your cool and work on that ass

You learn too much  
You'll never know  
Just start to laugh  
And God says no

A point of life flies through my head  
A scary thought like I was someone else  
And don't get lost now and show no fear  
And you'll be ready for a new frontier

A lot of dust slides through my head  
And scary thoughts like wishing we were dead  
You won't get caught if you don't get queer  
And you'll be ready for a new frontier  
For a new frontier
