

# Monster Magnet, Too Bad

Too bad you couldn't take the fun  
That life gives you for free

I know you gotta blame someone  
So it might as well be me

I learned a long time ago  
That you gotta shake hands with pain

Too bad the only thing you learned was  
A million ways to complain

Oh well we've gone the mile  
You forgot how to smile  
Too bad I gotta say  
Don't go away mad, just go away  
Last night I had a crazy dream that I  
Was playing on a real cool team  
The sound was just alright and I was scratching  
On a leaning tree

Drink alone and pissin' and moaning  
That just ain't my style  
Too bad your such a pain in the ass  
That you never had a chance at all
