

# Monster, Rain

Tell me what you want me to be  
I can't stand myself anymore  
Tell me what you want me to see  
I can't find my way off the floor  
Took me like a hurricane  
I think it's gonna rain, yeah!!!  
I think it's gonna rain  
Rain down on me  
Tell me what you want me to know  
Tell me what you're dyin' to say  
Throw your feelings up in the air  
Let the pieces fall where they may  
Wash me like a hurricane  
I think it's gonna rain, yeah!!!  
I think it's gonna rain  
I think it's gonna rain down, down, down  
I think it's gonna rain  
Open your eyes  
You can't deny  
It's just a fantasy, yeah!!!  
Some things will end, some will begin  
Some things will never be  
Yeah!!!  
Rain down on me, Rain down on me...
