

# Monster, That's Why I've Killed The President

All these lies, I couldn't stand it  
Alibis, He tried to justify  
Our last chance, people believed him  
All in vain, that's why I took this knife then I  
Stabbed 'till he died, what should I do  
Stabbed 'till he died, no mercy for his sins  
Stabbed 'till he died three, for, five  
Stabbed 'till he died stabbed 'till he died  
And now you arrest me  
Why, I did something wrong?  
If you had arrested him  
But I had no choice  
That's why I've killed the president  
Every time, he's tried to apologize  
Then he cried, the same shit again  
So I said, I'll put an end to it  
That was it, that's why I took the knife then I  
Stabbed 'till he died, what should I do  
Stabbed 'till he died, no mercy for his sins  
Stabbed 'till he died eight, nine, ten  
Stabbed 'till he died stabbed 'till he died  
And now you arrest me  
Why, I did something wrong?  
If you had arrested him  
But I had no choice  
That's why I've killed the president  
Of what crime am I guilty?  
Something has to be done  
All the crimes he committed  
You left me no choice  
But to kill the president  
You know, you can't blame me  
What? Who will take his place?  
I can't believe what I'm hearing  
Give me back my knife,  
Cause my job is not completed  
Stabbed 'till he died, what should I do  
Stabbed 'till he died, no mercy for his sins  
Stabbed 'till he died thirty five,  
Stabbed 'till he died stabbed 'till he died  
Of what crime am I guilty?  
Something has to be done  
All the crimes he committed  
You left me no choice  
But to kill the president  
Die
