

# Monstrosity, Fragments Of Resolution

Searching through this violent haze  
Contracted by illusions  
This mesmerizing dream  
To find fragments of resolution

The eyes of eternity  
Focus on the myriad forms  
As the minds of the conscious crumble  
To the weakness their truth must conform

Fragments... of resolution  
Fragments... of resolution

Breathing in this misery  
Destroying absolution  
Victim of a hidden past  
Resounding with execution

Motionless are the serpent's eyes  
Dripping with your conclusion  
Hanging on by a thread of life  
Ties are cut with resolution's... knife
