

Montaigne, Don't Break Me (Australia, Eurowizja

I don't feel the same buzz
when your name comes up
on my phone anymore

feels like I don't feel you
I fear you
and it makes me cry on my floor

it feels like you're talking me for granted
I've given you everything i have
and I can barely bring to mind
the reason why I've stretched myself so far for
you

I can't take it anymore
Don't Break Me
Don't Break Me
down dwon dwon
Don't Break Me
are you hearing me
now, now, now, now
